The Year Closes

The closing of this week will mark the passing of another year. The result of the year's labors will then be closed. If we have failed to make proper use of it it is now too late to make amends. But as the New Year just ahead has not been touched, we should make well of its opportunity. Resolutions are freely made and easily broken with most people. While the new year is a good time to begin new ways, if they are better, it is well to study ourselves and learn if we can make good a resolution before we make it. A will and determination to do fall down every time when it meets an impossibility. Talents are a gift whether we have one or ten. But we have no moral right to "bury" our talent. We must make the proper use of our gifts or answer for it to the Great Judge, and to ourselves as well.

Decrease in Coal Production

Coal production in Kentucky decreased thirty seven per cent. during 1921, when 534 mines worked on an average of only ninety days for each mine during the year, according to a review of the coal industry for the State made by L. Blenkinsopp, chief inspector of mines.

For a month the mines of the State have practically been shut down, and it is estimated that 30,000 men who were employed in them are idle, according to the review.

The decrease in production was largely due to depression of the coal market, which caused small mines to close down and larger ones to decrease production to a minimum, Mr. Blenkinsopp found.

In 1920 Kentucky had 834 mines operating; each on an average of 187 days for the year. There have been approximately 300 mines closed down all year, leaving 534 working on an average of ninety days for each mine during the year.

Will Move to Clay City

W. R. Eubank, the well known insurance and real estate man, will move his office and family from Winchester to Clay City. Mr. Eubank does considerable business annually in Powell county, and he feels that there is a better outlook for his line in Clay City than in Winchester where the insurance business is at present being over worked.

Christmas Entertainment

The entertainment at the Methodist church Thursday night, notwithstanding the heavy rain, was well attended and many nice presents distributed. The program was well rendered and did credit to those participating.

Undergoes Operation

Sidney Baker, son of Wm. Baker, was stricken with appendicitis last week and was taken to the hospital at Winchester where he underwent an operation which he stood well and is now recovering.

F. & A. M. Elect Officers

Powell Lodge No. 645 F. & A. M. met at their hall in this city December 27th, and elected the following officers for the ensuing year:

Wm. Armour, W. M.
Otis Powell, S. W.
W. B. Lunsford, J. W.
Shelby Martin, Treas.
Edward Rose, Sec'y.
W. C. Martin, Tyler.
J. A. Williams, S. D.
H. G. Crabtree, J. D.
W. T. McGuire, Steward.
F. G. Powell, Steward.
Eugene Freeman, Chaplain.

How the Vote Changes

Casey county went Republican in 1920 by 1750 votes. This fall the same county elected a Democratic County Judge by 400; Democratic Sheriff by 200 and Democratic County Attorney by 100. The other county officers elected were Republicans as usual. This is not mentioned to show an abrupt turning of the voters in Casey but to show the independency of the voters in local races. Powell has a sample of the same methods. Likewise does our neighbor county of Wolfe.

Rev. Matherly Makes Change

Rev. D. H. Matherly, who formerly pastored the Christian church in Clay City, and resided here, and who, for the past several years, has had charge of the Second Christian church, Richmond, has resigned that pastorate and accepted a position with Kentucky State Board of Religious work with headquarters at Catlettsburg where he will move the first of the year.

Family Reunion

Mr. and Mrs. Wm. Mountz, Sr., entertained at dinner Tuesday all members of their family. Mr. Mountz was eighty-one years old Dec. 23 and Mrs. Mountz was 78 Tuesday. The family visited Mrs. Emma Mountz Wednesday and took dinner, making the second re-union of the family during the holidays.

At the Christian Church

The entertainment at the Christian church Saturday night was well rendered, and well received by all. Many presents were distributed, a good crowd attended, and enjoyed the exercises. Santa Claus was especially attractive in his witty and appropriate remarks.

Tanlac, that celebrated medicine, makes you eat better, feel better, sleep better and work better. Sold by C. Shimfessel.

Sells Small Place

J. B. Shoemaker has sold to P. B. Kirk thirteen acres of cut over timbered land near Waltersville for \$175 00. This land adjoins Mr. Kirk's farm that he purchased recently from John Maxwell.

Tanlac, the celebrated medicine, is now sold by C. Shimfessel.

Old Kentucky Home

An "Old Kentucky Home" is to be built in the Kentucky State Fair grounds from logs and timbers supplied by the different counties of the state, the Home to have all the furnishings that still make the Old Kentucky Home a delightful reality to many and a fond recollection to many more. This project has been pronounced a happy thought by Commissioner Hanna and members of the State Fair commission as well as members of the Kentucky Historical Society. It is the idea to set aside one acre and a half of ground for the project.

It has been suggested that the newspapers of the state take up in their respective counties the task of securing a log or logs and naming a representative of the county to come to Louisville and help erect the building. The plan is to have the house built just as was done in pioneer times when every man in the community joined in at the house raising, but in this case every county in the State will have a hand at actually building the Old Kentucky Home. In this project the Times is on the job.

School Closes

The Waltersville consolidated school closed Friday after a most successful term taught by Prof. F. P. Tracy and Miss Etta Bowman. It seems that Prof. Tracy's services are always in demand for he will begin the Barker school near Slade next Monday. This school has had one month taught on it, leaving five months for Prof. Tracy to teach.

High Water

Following the heavy rains Friday and Saturday morning, the river got pretty high. The water was over the Winchester road at Waltersville, but not enough to stop automobile traffic. This was risky, and a similar venture near Louisville cost a young lady her life Friday. The machine skidded to the side of the road into deeper water. This is liable to happen at Waltersville. The road should be raised at this point to above the ordinary high water mark.

Lairson Sells Store

John Lairson has sold his grocery store and leased the building one year to J. H. Pitts, of Lee county, who will continue the business.

A HOME-MADE PAPER.

THURSDAY, DEC. 29, 1921

SUBSCRIPTION RATE,
ONE DOLLAR PER YEAR.

Entered as second-class mail matter at the Post Office at Clay City, Ky., under the Act of Congress of March 3, 1879.

City and Country Population

According to the census of 1920 35.2 per cent, or over one-third of the people of the state of Kentucky are either infants or children under 15 years of age; 9.8 per cent are young people 15 to 19 years old; 35.0 per cent, over one-third, are men and women in the prime of life, being from 20 to 44 years old; while 19.9 per cent, being 45 years of age and over, are well along in middle life if they have not reached old age.

The urban population as compared with the rural shows some rather striking differences in age, the percentage 20 to 44 years of age being 41.8 for the urban population as compared with 32.6 for the rural, while the percentage under 15 years of age is 25.6 in the urban population as against 38.6 in the rural. These differences may indicate larger families of children in the country than in the city, but probably indicate also the fact that country children as they grow up have a tendency to flock to the cities thereby increasing the active adult population of the cities at the expense of the rural districts.

A little over one half of the population, 53.4 per cent, are old enough to vote, being 21 or over; and in this class the men outnumber the women in the ratio of 104 to 100.

"Cabbage Patch"

Christmas passed off very quietly here.

The recent rains have torn up the public roads again.

Hello, Mr. Editor, a happy and prosperous New Year to you.

There has been no winter weather here yet, very little snow.

Several small farms have changed hands here in the last two weeks.

The trappers are on the hike hunting good places to locate the traps to lure the elusive varmints.

V. C. Martin, the once in awhile correspondent from Genet, was at church here. He wore a broad grin and on inquiry what had disturbed his physiognomy it was found that the large crowd of good looking young ladies present was the great factor in producing the aforesaid grin. If he focused his optics in the direction of any certain one he scribe was unable to learn her name. We pass it up to the readers to do a lot of guessing.

Lee County Boy Wins

For the second successive year, Roscoe Kash, 15 years old, of St. Helena, Lee county, has been made the "Boy Corn King" of Kentucky, according to an announcement by C. W. Buckler, state leader of Junior agricultural club work at the College of Agriculture.

The Lee county boy won the honor of three counts, the most important of which was his production of 125 bushels and 42 pounds of corn on an acre, the greatest yield obtained by any of the 1,968 youngsters who grew corn as their junior agricultural club project during the year. In addition, Roscoe proved to be the best all-round club member growing corn and produced his crop at a lower cost than did any of the other junior corn growers, expenses for his project totaling \$20.77.

The champion's net profit from his acre of corn totaled \$144.22, according to his report. Of the 125 bushels and 42 pounds, Young Kash sold 30 bushels for seed at a price of \$2.00 a bushel and the remaining 95 bushels and 42 pounds on the market for \$1.10 a bushel.

His winnings as the 1920 "Boy Corn King" are helping give the champion an education at the University of Kentucky where he is said to be the youngest student ever enrolled. His winnings and earnings for 1921 will go for the same purpose, he has reported.
